

I'M UNDER 18 AND I WANT A PIERCING

We are not particularly happy about the paperwork, but the law requires it. So let's do it.

Piercing is a violation of personal integrity, which is defined in the first paragraph of Article 93 of the Civil Code.

Therefore, for those under 18, we need to have confirmation that they and their parents or legal guardian agree to be pierced. This is a guarantee that the piercing will only make them happy.

Sometimes we insist on the presence of a parent or legal guardian when getting a piercing. Therefore, we reserve the right to refuse a minor to be pierced if the parent or legal guardian is not present.

AS A PARENT OR LEGAL GUARDIAN OF A MINOR(S), SIGNING:

- I consent to the violation of the integrity of the skin of my minor daughter/son in the form of piercing in the tattoo and piercing studio Vesna tattoo & flowers boutique. I confirm that I have been instructed about the nature of the procedure, its possible risks and subsequent care before the procedure and that I have understood the instruction.
- I certify that my son/daughter does not suffer from any medical conditions that could negatively affect the application or healing process (low or high blood pressure, epilepsy, diabetes, immune disorders, bleeding disorders, allergies, infectious diseases, jaundice, HIV, etc.). If there are any problems or diseases, or if my daughter/son is taking any medications, I undertake to inform the piercer about them before the procedure. I am aware that otherwise there is a possibility of health complications.
- I undertake to see that my son/daughter upholds the principles of piercing care and that if, despite following them, any health problems occur that could be as a direct result of piercing, I will immediately contact Vesna tattoo & flowers boutique by phone.
- I consent that any biological waste will be disposed of together with other biological material according to the applicable hygiene standards.
- I consent to the processing of my personal data.
